Transfer of Ownership

DEFRA Regulation 3.7.2 states: - New owners should notify the PIO of the transfer of ownership within 30 days of the transfer (a legal requirement in England with penalties for non-compliance) and provide their name address and contact number. (This also applies to those, eg dealers, who only possess the horse for a short time period.) They must send the physical passport to the PIO for updating—it cannot be done online without the passport. A person who transfers a horse to another person must give them the passport at the time of transfer (again, a legal requirement in England). Those who only own the horse for a short period of time should be aware of this, so they can receive the updated passport back in time before transfer to a new owner.

Please note that completing Section IV with the new owner's details is not valid unless it has been stamped by the PIO.

Please use this transfer form to notify the IMHPS of any change of ownership. The address to which the form (along with the passport) should be sent as well as the relevant fee can be found at www.imhps.com.

Signature of Vendor

The vendor should provide this form with their details completed at the time of the transfer. If, however, this is not done then the new owner should submit evidence of the transfer (ie a signed bill of sale or receipt). In other instances, please contact the office for advice.
